We are delighted to present our Hajj packages for 2023*. A great deal of thought has gone into creating these packages to ensure that they meet the needs of the pilgrims and provide an enjoyable and enriching experience. We consulted local experts in the Hajj field to benefit from their extensive experience and knowledge so that we could fully understand the requirements of UK pilgrims. We are confident that we have put together an excellent set of packages for a range of budgets, for different durations, and varying itineraries.

*** Please note that there may be some minor changes to itineraries and prices. The final prices and itineraries for the packages are published on Nusuk**

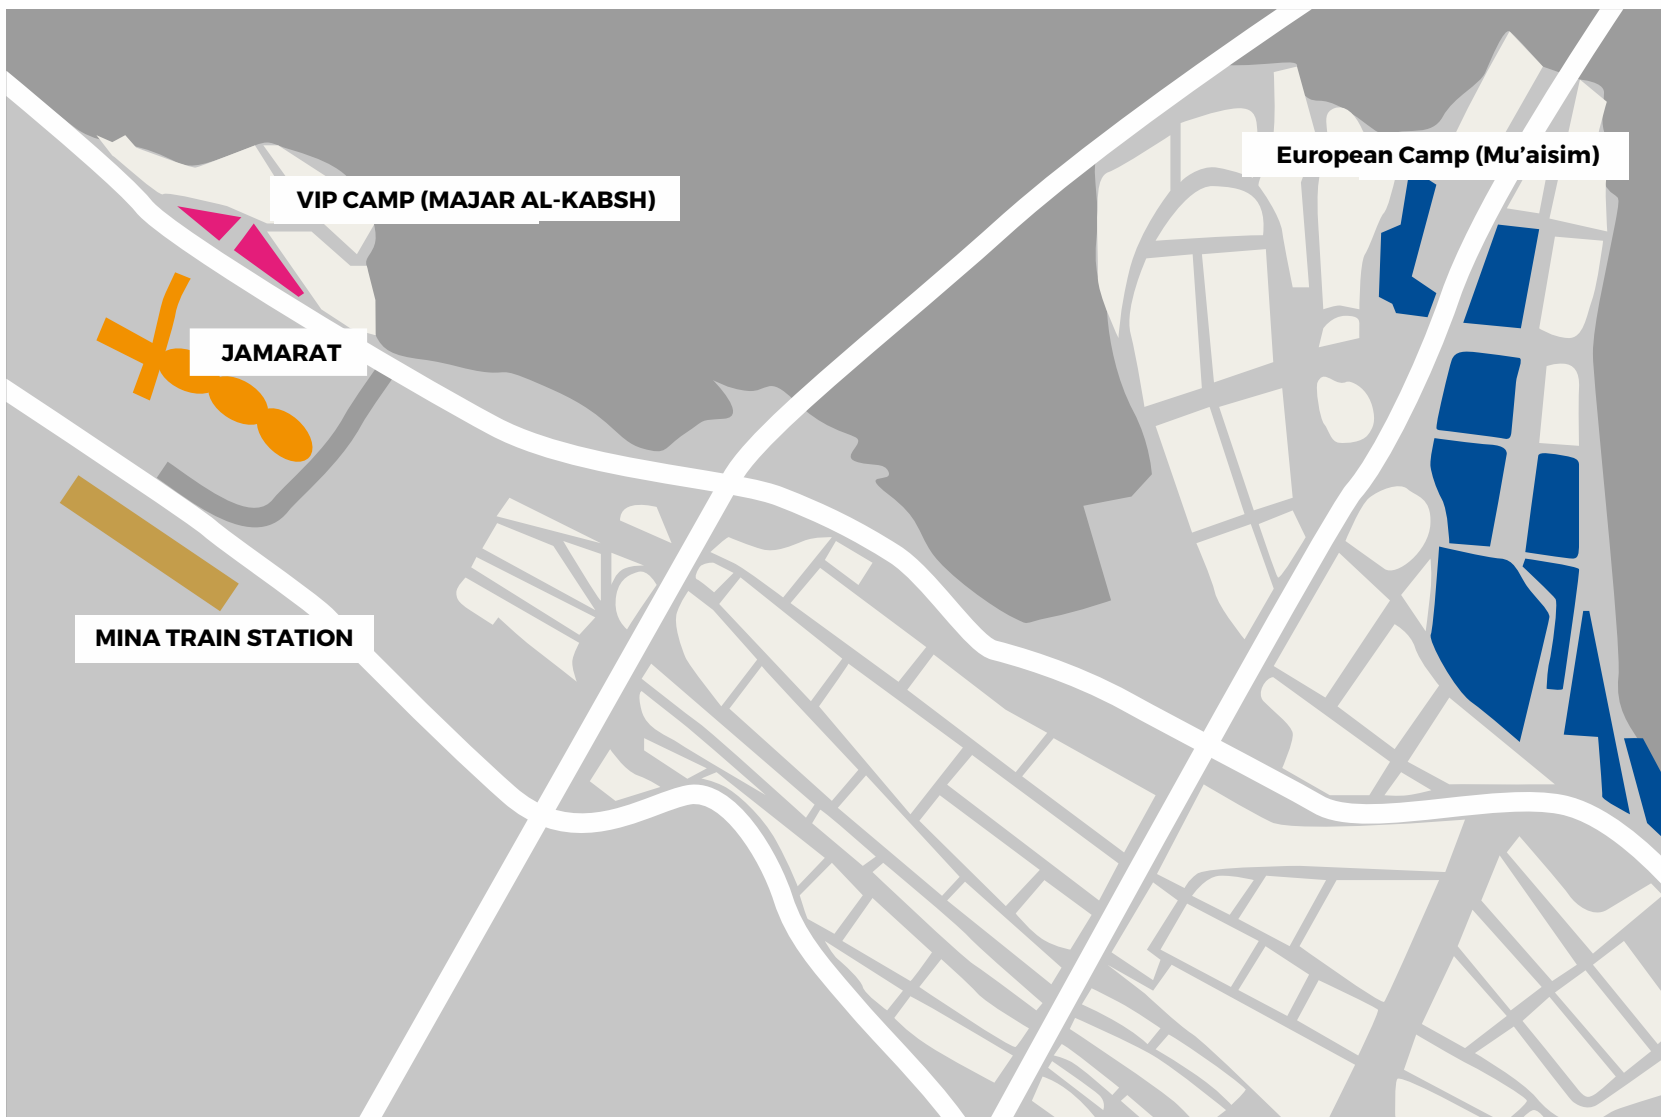

A GUIDE TO UNDERSTANDING OUR HAJJ PACKAGES

An explanation of the terms used for package names

DURATION	10 DAYS, 14 DAYS, ETC	This shows the duration of the package
MODES	NON-SHIFTING OR SHIFTING	This signifies whether the pilgrims will be 'shifting' from their Makkah hotel to Aziziyyah, rather than retaining their Makkah hotel. See detailed explanation below.
MEALS	HALF-BOARD	Breakfast and dinner is included
	FULL-BOARD	Breakfast, lunch and dinner is included

- VIP CAMP (MAJAR AL-KABSH)
- EUROPEAN CAMP (MU' AISIM)

SHIFTING AND NON SHIFTING PACKAGES

Non-Shifting Package means: your hotel in Makkah is booked for the entire duration of your stay including the days of Hajj. You will have access to your room and luggage should you wish to go back to your hotel any time (including whilst you are in Mina).

Shifting Package means: the duration of stay in Makkah will be split between 2 types of accommodation:

- The hotel that is close to the Haram. This booking will be for a period either before Hajj or after Hajj, but not during days of the Hajj rites.
- The accommodation for the remaining period is in Aziziyyah, which is about 5km from the Haram. The pilgrim will have access to this during the days of Hajj. Pilgrims are accommodated in quad or quint rooms, with males and females segregated into separate rooms.

Shifting packages are significantly cheaper than non-shifting packages.

MAKKAH FIRST OR MADINAH FIRST?

This is a matter of personal preference based on the practical benefits of either option.

Advantages of going to Madinah first

- Arriving at Madinah Airport after a long international flight can be very convenient, it's not as busy as the Jeddah Hajj Terminal and immigration formalities are quicker.
- Madinah Airport is just a short 30 minutes drive from all hotels located in the central zones around the Mosque of the Prophet.
- Spending a few days in Madinah will provide an opportunity to run Hajj seminars for pilgrims to prepare them for their Umrah and Hajj.
- Pilgrims will put on their Ihrams from the comfort of their hotel rooms or at the Ihram Station (Miqat) located in the outskirts of Madinah.

Advantages of going to Makkah first

- Arriving into Hajj Terminal is not as exhausting as it used to be before. The Ministry of Hajj & Umrah in Saudi Arabia successfully managed to reduce most of the time-consuming formalities by implementing the E-Hajj portal.
- Putting on Ihram is not as difficult as many would imagine, especially with practice before Hajj.
- The talks and lectures for Hajj preparation can be arranged in Makkah and some of the basic hajj training is given in home countries anyway.
- Going to Madinah after Hajj will allow us to rest, reflect and plan for our lives after Hajj.
- The easy and convenient departure from Madinah Airport leaves pilgrims with a positive memory of their journey. Departure from Jeddah is more difficult.
